# WashPro 35

## The professional floorwasher

WashPro 35 is a professional floorwasher for indoor and outdoor, provided with two high-speed counter-rotating brushes, which **washes the floor deeply all at once**, leaving it dry.

**Light, super compact and easy to carry**, equipped with a tilting till 90° tank, **it reaches the most difficult spaces**. Besides, the particular position of the front brush helps **to clean efficiently also flush with the wall**.

WashPro 35 **can collect dirty water without suction system**, thus getting better results if compared to bigger machines.

WashPro 35 is equipped with a **medium brush** to wash wood floors and a **hard brush** for decking and intensive cleaning. By a quick and easy system, **you can change the brush in a few minutes**, so that to modify its position on the floor without increasing the pressure and losing effectiveness.

**It is perfect to wash the floor before restoring any oil finish**; if compared to a buffing machine, **it penetrates into the pores of the wood** and prepares the surface to absorb the new finish at best.

Medium grey brush for wood floors

Hard black brush for decking
