

# FINISHES FOR **OUTDOOR.**

Long-Lasting Protection

## Pro-Deck

### Outdoor water-based long-lasting protection

Pro-Deck is a water-based outdoor finish for **the long-lasting protection of decking**, providing it with a natural look. Pro-Deck is extremely resistant to UV rays and temperature changes, it does not peel and **protects the wood against water and allows it to breathe**.

**Easy to use and to renovate**, you can spread it with a roller just like a lacquer and it does not need any sanding before restoration.

**It is particularly recommended on surfaces subject to critical climatic conditions**, and it is available in Neutral, Teak and Grey versions.

You can apply it on all wood species and use it both horizontally and vertically.

#### LONG-LASTING

High mechanical strength  
Excellent UV ray resistance

#### EASY

Roller application  
Renew without sanding

#### WATER-PROOF

Good water-proofing action  
No peeling

#### MULTI-EFFECT

Neutral  
Coloured

## Colour Chart

Neutral - 001

Teak - 015

Grey - 022

## High PROtection for DECKing

Pro-Deck has a much longer lasting time than any traditional oil for outdoor purposes.

Teak treated with a traditional oil  
for outdoor, after 10 months.

Teak treated with **Pro-Deck**,  
after 10 months

## Oil4Sun

### Outdoor natural oil

Oil4Sun is an outdoor natural oil to **finish and protect decking**, wood cladding and various wood objects.

**Resistant to water, UV rays and bad weather**, it penetrates deeply and does not peel, it enables the wood to breathe.

**Anti-slip certified**, it is particularly recommended to finish the pool-side decking. **Easy to apply and renew**, available in Neutral, Teak, Wengé and Grey versions. It can be used both horizontally and vertically.

#### STRONG

Excellent UV ray resistance  
Good waterproofing action

#### EASY

Easy to apply  
Easy to refresh

#### ANTISLIP

EN 13036-4:2011  
certified

#### MULTI-EFFECT

Neutral  
Coloured

## Colour Chart

Neutral - 001

Teak - 015

Wengé - 020

Grey - 022

## WPC Cover

Protection agent for Wood Plastic Compound terraces

WPC Cover is a WPC water-based protection agent. It protects efficiently all surfaces preventing them to absorb oil and grease.

Easy to use and to renovate, it improves the long-term original colour durability on WPC structures.

### RESISTANCE

Stain resistance

	Water 1 h	Water 16 h	Oil 1 h	Oil 16 h
Untreated surface	5	4	3	2
Surface treated with WPC Cover	5	5	<b>5</b>	<b>4</b>

Stain resistance: certification UNI EN 12720  
 5 = Maximum strength, the surface does not change appearance  
 1 = Minimum strength

## Wash Pro 35

### The professional floorwasher

WashPro 35 is a professional floorwasher for indoor and outdoor, provided with two high-speed counter-rotating brushes, which **washes the floor deeply all at once**, leaving it dry.

**Light, super compact and easy to carry**, equipped with a tilting till 90° tank, **it reaches the most difficult spaces**. Besides, the particular position of the front brush helps **to clean efficiently also flush with the wall**.

WashPro 35 **can collect dirty water without suction system**, thus getting better results if compared to bigger machines.

WashPro 35 is equipped with a **medium brush** to wash wood floors and a **hard brush** for decking and intensive cleaning. By a quick and easy system, **you can change the brush in a few minutes**, so that to modify its position on the floor without increasing the pressure and losing effectiveness.

**It is perfect to wash the floor before restoring any oil finish**; if compared to a buffing machine, **it penetrates into the pores of the wood** and prepares the surface to absorb the new finish at best.

### Technical data sheet

Body height	140 mm
Body width	385 mm
Body length	330 mm
Front brush	Ø 86 700 rpm
Rear brush	Ø 54 1145 rpm
Working width	385 mm
Working capability	500 m <sup>2</sup> /h
Induction motor power	400W 2800 rpm
Total tank capacity	4 L
Waste tank capacity	1,8 L
Total weight (empty)	11 kg

Medium grey brush  
for wood floors

Hard black brush  
for decking

### Decking wash

## Sigil MS Nero

### Decking black sealant | MS Polymer

Sigil MS Nero is a MS polymer sealant recommended for extension joints of outdoor wood floors.

It enables to achieve elastic and tough bonding on any type of support both indoor and outdoor except for some plastic materials.

Solvent-free, it is **extremely resistant to water - even sea water - and UV rays.**

## Grey Free

### Renewing solution for grey wood

Grey Free restores the original aspect of greyish and dull wood as a result of ageing and deterioration.

Easy to use, it **removes effectively the grey coating** caused by mildew and UV rays.

## Re-Wood

### Concentrated cleaner for decking

---

Highly concentrated decking cleaner. It removes the dirt nestled in the wood fibres and, if used in higher concentrations, also the residues of old protective treatments. Extremely effective on all types of decking, it offers the advantage of not having to sand the floor.

## Deck-Soap

### Natural soap for decking

---

Deck-Soap is a natural soap to clean your decking. With low environmental impact, formulated with soap made from coconut oil, **it can clean and degrease your wood deeply.**

## WPC Cleaner

### WPC neutral detergent

---

WPC Cleaner is a neutral detergent specifically formulated to clean WPC surfaces. Thanks to its strong degreasing efficiency it gets the best results on high traffic areas, even if stained with grease or oil.
