

Nettardue

De-waxing detergent with high degreasing power

Concentrated de-waxing and degreasing detergent to remove old layers of metallized and in emulsion waxes, from vinyl floors, PVC, rubber and linoleum. Very effective as an intensive cleaner for decking, to remove previous oil-based treatments.

Technical data – 20 °C – 60% R.H.

Appearance	Yellow liquid
Density	1.00 kg/litre
pH	13
Indicative yield	80 – 100 m ² /litre as de-waxing agent; 10 – 15 m ² /litre as intensive decking cleaner
Storage	24 months in original sealed packaging – Frost sensitive
Packaging available	1 litre bottles, 5 litres cans

Instructions for use

As a de-waxing detergent

Add 4 – 8 caps of Nettardue to 10 litres of water (2 – 4%), spread the product on the floor and let it act for 5 – 10 minutes. Clean the floor with a buffing machine equipped with a green pad. Rinse well with clean water.

As an intensive decking detergent

Spread the pure product on the floor and let it act for 5 – 10 minutes. Clean the floor with a buffing machine equipped with the appropriate decking pad. Rinse well with clean water, if possible use a pressure washer.

As a detergent

Nettardue can also be used as a detergent, adding 1 – 2 caps of product every 10 liters of water (0,5 – 1%). Rinse with clean water.

Warning! Nettardue is a corrosive product! Always protect yourself by wearing gloves and protective goggles during use. Also protect any delicate surface near the areas to be treated.

Notes

- Shake before using
- Do not use on untreated wood
- The formulation of Nettardue is specific in particular for the removal of the Resinal Wax metallized wax.

Safety regulations

Product for professional use. Strictly comply with what is stated on the labeling and consult the safety data sheet before using the product.
