

Solver AD

Slow-evaporating thinner for retouching floors stained with Art-Deco

Specific thinner designed for retouching wooden floors coloured with Art-Deco stain. It allows lightening or removing excess colour within 24 hours of its application.

Available in 0,5-litre bottles with spray nozzle.

LACQUERS
& FINISHES

Application Method

Spray the product onto the area to be corrected and even out the surface with a cloth.

Notes

- Do not use Solver AD to dilute lacquers.
- Protect nearby plastic objects or painted surfaces during application.

Safety Instructions

Professional use only. Strictly follow the labelling instructions and consult the Safety Data Sheet before using the product.

Disposal

Dispose of unused product and empty containers in compliance with local regulations.

The advice provided in this technical bulletin is given as a guideline only and does not imply any responsibility, as the methods and conditions of use of the product are beyond our control. We recommend verifying the actual suitability for the intended application.
